

EFFICIENCY ON THE HARRIMAN SYSTEM

Committee Makes Its Awards After Annual Inspection of the Lines.

WOMEN FIGURE LARGELY IN THE COMPETITION

Ogden Division Is Declared to Be the Best in the Jurisdiction.

On Christmas day many officials of the Harriman system will receive a present from the company in the shape of gold and silver medals and words of commendation, awarded by the management for efficiency in the maintenance of the various parts of the system. On Friday the committee of inspection made public the result of its recent inspection of the parts of the system under its jurisdiction. For three weeks the committee was employed in going over the road noting the condition of the track, the depots, the shops and everything connected with the system. This inspection is an annual one. The purpose of it is to keep the road up to the highest point of efficiency, and as an incentive to this end prizes awarded by the company to the employees whose department or section is found most competent, capable and efficient.

The committee which makes the awards consists of J. M. Davis, general

superintendent of the Oregon Short Line; William Ashton, chief engineer; A. B. Stevenson, superintendent of the Utah division; E. C. Manson, superintendent of the Salt Lake division; W. H. Jones, acting superintendent of the Idaho division; W. R. Armstrong, acting superintendent of the Montana division; H. J. Harris, engineer Utah division; T. Fitzgerald, engineer Salt Lake division; W. S. Harer, engineer Idaho division. It should be stated that when the committee is inspecting the division of one particular division the officials in charge of that division do not take part in the work or make the computations.

During its investigation the committee covered over 2500 miles of the Harriman lines in Utah, Idaho, Montana, Wyoming and Oregon.

The following are the awards:

Best shops—Sparks, Nev.; David Hickey, master mechanic; score 9.6 out of possible 10.

Best division—Salt Lake division, Southern Pacific; E. C. Manson, superintendent.

Best signal-charging plant—Ogden; score, 9.8 out of possible 10.

CLAIM RAILROADS ARE VIOLATING ANTI-TRUST LAW

NEW YORK, Dec. 4.—The federal suit to dissolve the relations of the anthracite coal-carrying roads, a condition alleged to exist in violation of anti-trust laws, was resumed here today.

The government contends that the coal-carrying roads have complete control of all coal-producing companies of the Pennsylvania anthracite regions, which gives them a monopoly of prices and conditions.

C. D. Simpson, formerly of the firm of Simpson & Watkins, owning one of the seven collieries which it is alleged were sold to the Temple Iron and Coal company and the coal-carrying roads in combination, was again on the stand today.

Will Expedite Case.

BOSTON, Dec. 4.—The certificate of Attorney General Bonaparte requesting that the government's case to compel the New Haven Railroad company to relinquish its holdings of stocks of the Boston & Maine railroad be expedited, was granted today by three judges of the United States circuit court, and the contention of the attorneys of the railroad that the expediting act is unconstitutional was overruled.

Convalescence.

Convalescence is sometimes merely apparent, not real, and especially is this true after such diseases as pneumonia, typhoid fever and the grip. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla.

This great medicine cleanses and renews the blood, strengthens all the organs and functions, and restores health. Take Hood's.

"FIGHTING BOB" DOES NOT DESIRE ANY CHARITY

LOS ANGELES, Dec. 4.—Rear Admiral Robley D. Evans, retired, now on the lecture platform, does not desire the people of Los Angeles or elsewhere to make him a present of a house or anything else, if such thing is contemplated.

Having an eye on the history of events of this kind, he does not care to experience similar results in his own case.

A letter from Admiral Evans to friends here says as much.

Following the admiral's tentative acceptance of a position as chairman of the board of directors of the Los Angeles Harbor company, to be actively occupied at the end of his present lecture engagement, a friend here addressed a letter to Admiral Evans asking his views regarding the possible presentation of a residence to him by admiring friends in Los Angeles. In his response the admiral declined the proposition fully and finally.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Some one told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. I used it for some time and it cured me. Now my throat and lungs are sound and well." For sale by all druggists.

Leyson's Christmas Opening

Saturday, Dec. 5th, from 2 to 10 p. m., we invite everyone to our opening display of exquisite wares. It is needless to state that if we did not have something unusual and exclusive to show we would not invite you.

Our invitation is to the people and not to any class. Our wares are all of a high standard in every department, but our departments cover lines bought for the wage earner as well as for the carriage trade.

Carnations will be given all lady callers, and from 6:30 to 10 p. m. an orchestra will add charm to the brilliancy.

The name Leyson's stands for CLASS and not PRICE, and those who assume that it costs more to buy jewelry and kindred lines from a beautifully equipped store like ours than from any old shop are deceiving themselves.

The quantity of goods we handle and our constant search of the markets for the best lines for the least money for cash, makes it possible for us to sell many lines at a profit as low as some of our competitors can buy them. This statement is not an idle dream, but a convincing fact to the shopper who investigates. The name Leyson's on a box costs nothing, but rather guarantees the quality of the contents and makes happy the recipient.
